	Central	MP, Chattisgarh	2			
Third	South	Andhra Pradesh, Karnataka, Kerela, Tamilnadu, Pondichery, Lakshdweep, Andman & Nicobar	7	6 th Aug 2020	11.00 AM	12.00 PM
Fourth	North	Delhi, J&K, Punjab, UP, HP, Haryana, Laddakh, Chandigarh, Uttrakhand, Bihar	10	6 th Aug 2020	3.00 PM	4.00 PM

The auction session will consist of maximum duration of 60 min as per above schedule, apart from extension of 05 minutes each, if required.

Pre-requisite for Bidding:

Bidder should opt for States under each Zone where it is willing to do collection & recycling of plastic waste on behalf of GCMMF for minimum 40% of plastic waste quantity of GCMMF in that particular State. So any rate quoted by bidder for a State shall be deemed to fulfill our minimum requirement of the bid State. Later on if we find that Bidder is not able to meet expected take back of plastic waste then GCMMF will have full liberty to terminate the work, forfeit SD and allot the work to other bidder.

Bidders are first required to get registered with us by sending the duly filled Data-on-Firm form [(can be accessed from our website www.amul.com (B2B→Vendor Registration Form for Plastic Waste Management))] and Ernest Money Deposit (EMD) of Rs. 50,000/- (Fifty Thousand) through at par Cheque in favor of GCMMF Ltd. for each Zone and also mentioning clearly names of States within that Zone where they intend to bid as per available capacity to collect, segregate & recycle post consumer plastic waste.

Bidder should send following document(s) along with required amount of EMD amount to GCMMF office on or before the last date of receipt i.e. 31st July 2020. The interested bidders may send their requisite to our office much before the deadline for proper scrutiny of documents. We shall provide user id and login password along with Bidder manual to every eligible bidder individually through our email address pwm@amul.coop about plastic waste requirement of GCMMF of the State where bidder is interested to bid on scheduled date. The self attested copies of necessary documents required are as follows:-

1. Agreement with LBs/Gram Panchayat in the State of bid
2. Registration with PCBs under PWM rule
3. Consent to operate from PCBs under PWM rule
4. Agreement with Cement/Power Industries for MLP
5. Copies of EPR work of other Industries
6. State-wise maximum quantity of plastic waste (recyclable and MLP) which they can recycle on behalf of GCMMF
7. Any accreditation received for plastic waste management work
8. Duly filled & signed Vendor registration form of GCMMF

EMD of non eligible/unsuccessful bidders shall be returned within 30 days after Bid completion date. EMD of successful bidders will be deposited in GCMMF account as SD (Security Deposit) amount and will be refunded after completion/termination of work. SD shall carry no interest.

Quotation Price

Unit of price quoted shall be Rs. per MT (excluding GST) for recyclable plastic & MLP. The base rate for quoting rates will be provided by GCMMF at the beginning of reverse auction process.

The price quoted in the reverse auction shall be inclusive of cost of collection of plastic waste, recycling, liaison with local bodies, issuing supporting documents for traceability, diversion certificate, replying/settling query of concerned pollution control board etc.

Auction Method (Reverse Auctions)

1. The auction consists of a single session round for States falling in a Zone. The duration of the session will be of max 60 min followed by max 05 min of extension each for every bid received from any bidder in the last 05 min before end of the session round. Likewise total 5 such extensions of 5 min shall be provided. The supplier will have to bid for its selected State/Zone during the session for which GCMMF will intimate the estimated plastic waste in advance before start of bidding. The supplier may modify the bid as many number of times till the closure of the auction session.
2. During an auction session, the bidder may modify his quote only downward in the auction. Minimum decrement is Rs. 10 per MT.
3. No cancellation of Bid shall be allowed once the auction session is concluded. However, during the session timings, bidders can modify (downwards only) their bids number of times and last bid shall be final.
4. The final results of the Reverse Auction are binding on all the bidders and any request for cancellation received after the conclusion of an auction session shall result in forfeit of the EMD.
5. Any bid placed using the bidder's username and the password shall be deemed to be an unconditional binding of the bidder to whom such username and the password has been allotted, inter-alia, for the purpose of the Reverse Auction and the bidder shall be solely and fully responsible for all the activities that occur under such username and the password before the Auction and is advised not to reveal it to anyone else so as to prevent misuse of the same.
6. GCMMF reserves the right to cancel the reverse auction without assigning any reason thereof.

Bid Evaluation

Bids shall be evaluated by GCMMF after closure of Reverse auction. GCMMF may award entire or maximum quantity at its sole discretion of one particular State to the L1 bidder provided satisfactory evidence/detail was submitted to us about having required or quoted recycling capacity directly/indirectly for the GCMMF's.

As per PWM rules the bidder should have a good network of plastic waste collection involving local bodies in the State of bid. GCMMF will have full discretion to allot work of recycling of remaining quantity to L2, L3 and so on bidders at the rate of L1 bidder of that State.

Commencement of EPR Work

The recycling work needs to be started by the successful bidders from the date informed through work allotment letter of GCMMF and executing MOU with GCMMF.

Payment Terms

Payment shall be released within the 30 days upon submission of acknowledged proof to establish traceability of recycling done for GCMMFL and diversion certificate along with original invoice. The submission of bills to be made as per suggested periodicity (like monthly/quarterly etc) in the letter of allotment.

Duration of Contract

Duration of contract shall be 03 year from the date of issue of order. In case of any non compliance of any terms & conditions mentioned in the agreement, the either party can terminate the contract by giving one month advance notice to the other party.

Dispute Resolution

In case of dispute about any terms of this deed, same shall be resolved by mutual negotiations between the parties within 15 days of such dispute. If not resolved then it shall be referred to court at Anand which shall have exclusive jurisdiction.

Scope of work/Deliverables:

1. Execute and assist GCMMF in achieving its general scheme of implementation of EPR Action plan for post-consumer plastic waste collection and sustainable disposal.
2. Shall establish a system for collecting back the plastic waste or multilayered packaging generated due to products of GCMMF.
3. Shall have a system for the collection, segregation, transportation, recycling & disposal of plastic waste (MLP/Pet/Tetra pak/Poly bags/Plastic Cups/etc. which falls under plastic waste as per PWM Rule 2016) in accordance with CPCB guidelines and Plastic Waste Management (Amendment) Rules, 2018.
4. Bidder should ensure compliance with provisions of the PWM Rules, 2016, as amended 2018 or any of the provisions of the Environmental (Protection) Act, 1986 as amended and rules there under.
5. Waste collection from all small and large waste generators- household, commercial establishments, scrap dealers, waste aggregators and waste pickers.
6. Ensure that the plastic waste shall be properly segregated, packed and sealed to prevent any mix up and spillage of waste during transportation.
7. Create an auditable chain for end to end disposal of energy recoverable & recyclable waste which must be entirely traceable.
8. Waste Management Agency, Transporter and Recycler/ Re-processor all are equally responsible for environmentally sound management of plastic waste. Ensure movement of waste is as per manifest system of local State and maintain its records.
9. In case of transportation of plastic waste through a State other than the State of origin or destination, it should be intimated to the concerned State Pollution Boards.
10. Submission of quarterly progress report clearly indicating quantum achieved vs EPR liability to concern Govt. organizations including SBM, SPCB/CPCB.

11. GCMMF will require the acquiring of diversion certificate, acknowledgement receipt of cement plants/other plastic recyclers, third party audit reports that would define the closed loop for plastic waste collection and its sustainable disposal as per applicable PWM rules.
12. Creating awareness with stake holders, State & central Government towards EPR initiatives of GCMMF.
13. Motivating consumers for their participation in this initiative of Recycling of plastic.
14. Bidder shall ensure that plastic waste is sent to registered recyclers with SPCB/PCC or to cement industries having permission from concerned SPCBs/PCCs for co-processing of plastic waste. Ensure sustainable waste disposal and in compliance with statutory regulations for environmental protection.
15. Provide take back credits for MLP/plastic waste co-processed as RDF or used for pyrolysis or recycled etc.
16. Extend full cooperation to GCMMF for the audit of traceability documents/process as when required.

Bidder must have at its disposal:

1. Must be registered with CPCB/PCB under PWM Rule 2016, amended 2018 for recycling of plastic waste and recycling plants should have a valid Consent to Operate from concerned PCBs.
2. As a Waste Management Agency must have tie ups/agreement with recyclers & co-processors having registration with CPCB/PCB.
3. Tie ups/agreements with Urban Local Bodies/Nagar palika/Gram Panchayat/collection centres etc for collection & plastic waste disposal as per PWM rule in the State of Bid.
4. Adequate facilities for collection, segregation, storage, transportation and disposal for plastic waste management with necessary approval as per Plastic Waste Management rules, 2016, wherever is required.
5. System for Plastic waste collection from all small and large waste generators- household, commercial establishments, scrap dealers, waste aggregators and waste pickers.
6. Ability & capacity to process sufficient waste per day as per our requirement of that State where bid is made.
7. Potential to process all kinds of plastic waste and MLP at MRF.
8. Tie ups with cement industries to co-process non-recyclable multilayered plastic.
9. To maintain the records of collection network, collection centres, valid MoU with recyclers or local body.
10. To maintain records of EPR liability, collection, storage, segregation, transportation and disposal details individually for every Brand Owners.
11. In case of MOUs with collection centres and/or recyclers ensure to have valid registration.
12. Ensure movement of waste is as per manifest system prescribed by CPCB/ concerned PCBs.
13. Waste Management Agency/Recycler is equally responsible for environmentally sound management of plastic waste.
